MAINTAINING PATIENT AUTONOMY

Thera-Glide®

stationary chairs

As other models of the Oasis range, the Stationary chair is designed for infection prevention. Its surfaces are smooth, accessible, and its minimized seams facilitate cleaning and reassignment. The Stationary chair is available with topstitching and optional hardwood armrests. Offered in two models, this non-gliding chair comes with a low or high backrest. The Oasis Stationary chair is the only one in its category to be height-adjustable, and to provide optional seat depth and backrest angle adjustment. The Oasis Stationary chair will allow you to meet the needs of your users in complete comfort, with its style blending in for inviting living areas.

V-09 Series

Short backrest

(Available widths: 20" and 24")

With its minimalist design, the V-09 short backrest blends in perfectly with your decor.

The Stationary Oasis armchair does not sacrifice aesthetics for the benefit of functionality. Almost endless possibilities of wood shades and coverings allow it to harmonize with style in your common areas, bedrooms or any other living space. Moreover, its standard rear casters make it easy to move around.

Short backrest ideal for an open view in your common areas

Quick and easy height adjustments by indexers

V-10 Series

High backrest

(Available widths: 20" and 24")

For maximum comfort, without compromising on style, the V-10 long backrest will charm you. It is a safe bet it will continue to please over time.

In addition to being height adjustable and offering various options to adapt to the user's morphology, the Stationary Oasis is sturdy and easy to disinfect.

Optional cherry wood armrests with advanced ergonomic grip

Standard seat depth and angle adjustment, on the 24 inch

An adjustable and safe stationary armchair

Never again will you have to compromise between rocking chairs and stationary chairs in your common areas. A brand-new fixed chair option is now available within the Oasis series: the Stationary Oasis.
